

Bore Under Roads - Drill Shallow Wells

BorZit lays pipe or wire under roads, driveways, barns or any improvement faster with less effort.

"It eliminates the drudgery of digging and back-filling and the need to tear up concrete, asphalt or roads," says Jim Hill, owner. You can also install well points, drill shallow water wells, bore through dams, or develop springs. The system also bores post holes, cleans drain lines, or opens culverts.

BorZit is powered by a 1/2-in. drill. A water hose is attached to the ball valve, providing water to lubricate the tool and moisten the soil

ahead of the bore (not much water is needed). Cuttings are compressed into the sides of the hole by the rotation of the bit.

The bit is attached to a length of 3/4-in. steel pipe. Add additional lengths of pipe until the bore is completed. On horizontal bores, remove the bit and attach what is to be left in the hole - PVC, poly or galvanized pipe, conduit or cable to the drill pipe. As the drill pipe is pulled out, the pipe or cable to remain is pulled back through the hole. The system can bore a 1 1/4, 2, 3, 5 or 7 1/2-in. hole.

BorZit is proudly made in the U.S. and sells for \$269 with a 2-in. bit. BorZit is backed by a full one-year guarantee. If you don't save time, money and effort with our system, we will refund the purchase price.

"Permanent" Replacement Seals For Deere 30, 40 Series Tractors

A Missouri machine shop that got tired of replacing leaky load control shaft seals on Deere 30 and 40 series tractors came up with heavy-duty "PERMANENT" replacement seals.

Boling Machine Shop, Lenter, Mo., says Deere's seals often start leaking after six months or less. Boling has been making heavy-duty replacements for 20 years. The replacements are machined out of steel with Teflon liners, O-rings, or neoprene washers, depending on model. The O-rings, liners and washers can be replaced without replacing the seals. The 4020 seals also fit 4010, 5010, 5020 and some applications of 4000 models.

The 3020 seal also fits 2510, 2520, 3010 and 4030 tractors. A 4520 seal also fits 4620, 7020, and 7520 tractors. This series sells for \$55 a set.

The company also has seals and bushings for newer tractors which include 4440, 4230, 4240, 4320, 4430, 4440 and 6030. Each set contains two hardened steel bushings which have a wider surface to reduce shaft wear and two seals with replaceable inserts. They sell for \$85 per set.

We also sell load control shafts for most models. New seals this year are, 2950, 2940, 2840, 2850, 2855, 2550 and many others. All seals are fully guaranteed.

Permanent replacement seals don't leak like factory seals, says Boling Machine.

One-Stop Shop For Overalls

Mike Hearron recognized an opportunity when he had a difficult time finding traditional overalls in stores. With experience in the clothing business, he started MHOVERALLS.COM, an online catalog store three years ago.

The Forreston, Texas, hobby farmer and entrepreneur stocks several brands of overalls including Key, Big Smith, Liberty, Pointer Brand, and Berne for men, women and children. He also handles welders' shirts, winter wear and other clothing items.

"I live in the country, and I could just tell there was a need for overalls," Hearron says. He wears them himself because they're comfortable.

His goal is to keep prices reasonable and offer as much variety as he can. Overall

wearers are just like tractor owners who prefer one brand to another, he explains. Key, a 100-year-old company, is one of his most popular brands. But the majority of his customers are not who one would expect.

"A lot of people get my catalog just for the kids' overalls," Hearron says. A majority of buyers live in New York and California.

"But I talk to customers from everywhere," he adds.

Children's overall prices range from \$19.95 to \$24.95. Adult overalls start at \$19.95. Hearron also carries fire retardant coveralls.

Besides the online store, Hearron will mail a free catalog. Contact: FARM SHOW Followup, MHOVERALLS, P.O. Box 21, Scurry, Texas 75158 (ph 866 218-0179).

Hearron sells a variety of overalls to fit men, women and children.
